PSE Disclosure Form 4-30 - Material Information/Transactions References: SRC Rule 17 (SEC Form 17-C) and Sections 4.1 and 4.4 of the Revised Disclosure Rules

Subject of the Disclosure

Submission of Service Contract to Department of Energy.

Background/Description of the Disclosure

Basic Energy Corporation

submitted today to the Department of Energy (DOE) its notice to withdraw from the Mabini Geothermal Service Contract No. 8. Last year, the DOE extended the service contract term for this project up to 2021, provided, among others, the Company commits to drill two (2) wells during the extension period. Considering, however, that the budget for these two (2) wells goes beyond the contractual commitments of the Company under the service contract, vis-a-vis the low potential return for this project and the long gestation period thereof, the Company was constrained to withdraw from this project.

The Company has likewise submitted its notice to the DOE to withdraw from the Mariveles Geothermal Service Contract No. 2013-02-042. The DOE has terminated this service contract last February 26, 2018, amidst difficulties of the Company in securing permits from the NCIP, the LGUs involved and the host communities. The Company requested for a reconsideration of the termination, which is now being withdrawn considering that a review of the CSMT studies does not fully support a viable geothermal resource. The withdrawal of the request for reconsideration of the earlier termination of this service contract will thus put into immediate effect the termination of the service contract.

Further, the Company has advised the consortium of Service Contract No. 53- Onshore Mindoro, a natural gas exploration project in the area, that it is withdrawing from this service contract, including its participation in the motion for reconsideration filed by the consortium with the DOE on the termination of this service contract due to the failure of the operator to perform its obligations under the service contract. The withdrawal of the Company from this service contract will entail the surrender to the consortium of the Company's 3% participating interest.
