	and the same of th		

On October 5, 2016, Basic Energy Corporation (BEC) signed a Memorandum of Agreement (MOA) with Vintage Engineering Public Company Limited (VTE), a publicly listed company registered under the laws of Thailand, for a strategic partnership to pursue the exploration, development and production of renewable energy resources, in the Philippines and abroad. Originally in the construction and engineering business, VTE is presently developing some energy projects in Japan, Myanmar, Indonesia and the Philippines.

VTE began in 1992 as a contractor of mechanical and electrical works in Thailand. In 2008, it became a publicly listed company in Thailand. Currently, on top of its mechanical and engineering business, it operates as an EPC contractor, an O&M operator, and its coal mine and raw materials supply businesses, and aims to become a significant energy player in the region.

Under the MOA, upon completion of the due diligence audits currently being conducted by financial advisors engaged by VTE, the parties shall execute definitive agreements to cover the subscription by VTE of a total of 435,658,699 BEC shares out of the unissued capital stock of BEC, at a total subscription price of Pesos: One Hundred Thirty Nine Million Four Hundred Ten Thousand Seven Hundred Eighty Three and Sixty Eight Centavos (Php139,410,783.68), subject to the Conditions Precedent arising from the due diligence audits, and the fulfillment and/or resolution thereof to the

satisfaction of VTE. The total subscription price is divided in two (2) tranches, with the first tranche payable on or before December 31, 2016 and the second tranche payable on or before March 31, 2017.

In addition, under the MOA, VTE has the right to invest in the projects of BEC. However, such right shall be subject to any conditions precedent, and any terms and conditions which shall be further mutually agreed and determined in the future.

The above subscription of BEC shares is equivalent to nine per cent (9%) of the total outstanding capital stock of BEC. In the future, VTE may increase its holdings of BEC shares from 9% of the total outstanding capital stock of BEC up to twenty five per cent (25%), but subject to any conditions precedent and any terms and conditions which shall be further mutually agreed and determined.

Pursuant to the requirements of the Securities Regulations Code, the Registrant has duly caused this report to be signed this October 5, 2016 on its behalf by the undersigned hereunto duly authorized.
